

NO CAR TAX!

I am part of a statewide group of candidates called the **RI Clean Slate**. One of our goals if elected is the immediate repeal of the **CAR TAX**.

This is **NOT** a phase out, **NOT** a complicated calculation, **NOT** a political gimmick... We want to **ELIMINATE** every penny you would pay in car taxes!

We will do this by:

- Bringing Public Welfare Spending In Line with other New England States and save \$180-\$200 million!
- Cutting Wasteful Spending – eliminate \$15-\$20 million from the General Assembly's **politically** charged "**slush fund**" it spends **ON ITSELF!**

The auto tax is a **regressive tax** that hurts **low-income families more than wealthier Rhode Islanders**. By eliminating it, RI Clean Slate will proportionately help our more needy citizens.

LOWER PROPERTY TAXES!

Empower your Cities and Towns to manage their own budget!

RI Clean Slate will pass legislation that will **remove the mandates and other hand-cuffs placed on our city officials**. By freeing them to negotiate contracts and hire employees on a level playing field, millions of dollars can be saved so that your property taxes can actually be **CUT!**

If you've had enough of **high car taxes** and **ever-increasing property taxes**, please vote for Donald Fox on November 2!

DONALD FOX

THE FISCALLY RESPONSIBLE CANDIDATE in DISTRICT 47

Burrillville & Glocester
